# How to be a buddy not a bully Activity Set

## "How to be a Buddy, not a Bully"

10 page Mini Book

Print desired pages on cardstock and laminate. Adhere pages together in a variety of ways!

I like to hole punch and join the pages together with ribbon to create my mini book!

I like to read and discuss each page during a classroom guidance lesson and pass out the worksheet after as well as work in small groups/individuals and use the coloring book after.

To create a poster set, simply print, laminate and hang.

## Color and Fill-in-the-Blank

Activity/Mini Workbook

I simply print double sided and staple the pages together. I love using these for small groups. I like to discuss and review one or two pages each session. It's extremely interactive and the kids love to color!

## Worksheets

I utilize these when I do not have enough time with the students to complete the entire workbook.

# Included:

1) "How to be a Buddy, not a Bully"  
Book and/or Posters (Color pgs. 4-13)  
(Black +White pgs. 14-23)
